

THE J. WILLIAM FULBRIGHT PRIZE FOR INTERNATIONAL UNDERSTANDING

The Fulbright Prize was established to honor the largest and most significant educational exchange program in history as well as the career and spirit of its creator, the late Senator J. William Fulbright. The Prize recognizes and rewards outstanding contributions towards bringing peoples, cultures, or nations to greater understanding of others. Considered for the Prize are individuals, groups or teams of individuals, and organizations in any part of the world whose contributions to breaking through the barriers that divide humankind are of such significance as to be internationally recognized.

In establishing the Prize, the Fulbright Association and its cooperating associates in the United States and abroad seek to recognize individuals who dedicate their energies to improving international understanding and to encourage new generations to undertake life commitments to international understanding.

The J. William Fulbright Prize for International Understanding has been awarded to former South African President Nelson Mandela (1993), former U.S. President Jimmy Carter (1994), former Austrian Federal Chancellor Franz Vranitzky (1995), former Philippine President Corazon C. Aquino (1996), President of the Czech Republic Václav Havel (1997), former Chilean President Patricio Aylwin Azócar (1998), United Nations High Commissioner for Human Rights Mary Robinson (1999), and former President of the Republic of Finland Martti Ahtisaari (2000).

FULBRIGHT ASSOCIATION

A private, nonprofit organization of Fulbright alumni and friends, the Fulbright Association supports opportunities for international education through Fulbright exchanges and promotes U.S. engagement in international affairs through advocacy, public education, and educational and cultural enrichment programs that use the Fulbright alumni resource and serve Fulbright scholars currently in the United States. Headquartered in Washington, D.C., the Association has 38 chapters throughout the country that annually organize more than 125 educational and cultural programs.
