

Idaho Global Perspectives Community Dialogue Series

Sample Event Application

Chapter/Interest Group: Idaho Chapter

Event Type: Educational

Strategic Priorities:

1. Community Impact and Public Awareness
2. Partnership Development and Community Connections
3. Strengthening and Expanding the Fulbright Alumni Network

Event Description:

The Idaho Chapter will partner with Boise State University and the Boise Public Library to host a three-part community dialogue series focused on global issues and their local relevance.

Each session will feature Fulbright alumni sharing experiences and expertise related to international education, agriculture, environmental sustainability, and public health. Community members will participate in facilitated discussions exploring how global challenges and solutions connect to Idaho communities.

The chapter will use the series to identify and reconnect with Fulbright alumni across the state while introducing the Fulbright Program to new audiences.

Alignment with Strategic Priorities:

The program increases public awareness of the Fulbright Program, creates partnerships with local educational institutions, and engages both active and inactive alumni. It also highlights the expertise of Fulbright alumni while demonstrating the value of international exchange through community education.
