

Oklahoma Global Leadership and Energy Careers Forum

Sample Event Application

Chapter/Interest Group: Oklahoma Chapter

Event Type: Professional Development / Workshop

Strategic Priorities:

1. Partnership Development and Community Connections
2. Career Development, Mentorship, and Professional Engagement
3. Emerging Global Leaders

Event Description:

The Oklahoma Chapter will partner with the University of Oklahoma's School of International and Area Studies and the Oklahoma City Chamber of Commerce to host a Global Leadership and Energy Careers Forum.

The event will feature Fulbright alumni working in energy, sustainability, international business, public policy, and higher education. Following a panel discussion, participants will join small-group networking sessions focused on career pathways and international opportunities.

The chapter will specifically invite Fulbright alumni who are not currently engaged with the chapter, current Fulbright students, university students interested in international careers, and local employers seeking globally minded talent.

Alignment with Strategic Priorities:

This event creates new partnerships with both a university and business community stakeholders, provides professional development opportunities for alumni and students, and helps identify and engage Fulbright alumni working in Oklahoma's energy and business sectors. The event is designed to build ongoing mentorship relationships and increase participation in chapter activities.
